

Shahab Ud Din

Full Stack Developer

Karachi, Pakistan | +92 302 2187590 | bhuttoshahab15@gmail.com
Portfolio: shahab-uddin.vercel.app

Summary

I am a collaborative and highly motivated Full Stack Developer who enjoys building clean, practical, and responsive web applications. With solid, hands-on experience using React.js and Next.js, I focus on bridging the gap between engaging user interfaces and stable backend architectures. I enjoy taking ownership of features, solving debugging challenges, and working closely with teams using Git to deliver high-quality digital products.

Technical Skills

- **Frontend Development:** HTML5, CSS3, JavaScript (ES6+), TypeScript, React.js, Next.js, Tailwind CSS, Responsive Design, State Management
- **Backend & Databases:** Node.js, Express.js, REST APIs, Python, FastAPI, PHP, MySQL, MongoDB, PostgreSQL
- **Tools & Workflows:** Git, GitHub, Version Control, Postman (API Testing), Figma (UI/UX Translation), Claude Code, Prompt Engineering, Environment Variables, NPM

Professional Experience

Full Stack Developer

IRIS Software Solutions

08/2025 – Present

Hyderabad, Pakistan

- Co-developing and deploying 3+ production-ready web applications for local and international clients using Next.js, React.js, and MySQL.
- Designing and integrating secure **REST APIs** and robust authentication systems, connecting seamless user interfaces with complex backend logic.
- Building highly responsive, mobile-first user interfaces, interactive dashboards, and custom forms utilizing **Tailwind CSS**.
- Managing collaborative Git repositories; facilitating peer code reviews, resolving merge conflicts, and maintaining clean code standards across a team of 2 developers.
- Debugging frontend and backend issues systematically using browser developer tools and API testing instruments.

Python Instructor

NAVTTTC (MUET Campus)

03/2026 – 05/2026

Jamshoro, Pakistan

- Taught basic to advanced Python programming concepts including variables, OOP, loops, and functional logic.
- Guided 40+ students through building practical mini-projects, establishing solid debugging strategies and coding practices.
- Developed targeted curriculum emphasizing backend logic, helping students master algorithmic thinking and API concepts.

Web Developer Intern

IRIS Software Solutions

05/2025 – 07/2025

Hyderabad, Pakistan

- Contributed to frontend features of production-level projects using React.js and Next.js, focusing on pixel-perfect component architecture from Figma specifications.
- Acquired practical experience with team-based workflows including branching models, merge requests, and continuous deployments.
- Tested APIs using Postman to verify proper integration with database systems.

Education

Web3, AI & Metaverse Program

Governor Sindh Initiative for Web3, AI and Metaverse

02/2024 – Present

Karachi, Pakistan

B.E. in Electronic Engineering

Quaid-e-Awam University of Engineering, Sciences and Technology

01/2021 – 12/2024

Nawabshah, Pakistan

Languages & Interests

- **Languages:** Urdu (Proficient), English (Intermediate)
- **Interests:** Full Stack Web Development, Agentic AI, API Architecture, Open Source Contribution
